Notes

Film friendly

This small cabin is build of salvaged wood window frames that have been reworked to include beautiful stained glass designs (mushrooms, flowers, owls, hawks, butterflies).

The surrounding woods is visible through the transparent cabin, and there is ample parking and a home near by for hair/makeup/wardrobe.

The cabin measures 12' by 8' and each window can be removed (very carefully - these are one of a kind windows) for better photo angles.

Restrictions:

All floors must be protected, booties must be worn over shoes

Areas of use determined in advance
