Glorious 1,000 acres of rolling hay meadows and pastures, cattle and sheep and barn

Restored 1780 Cottage nestled in the pastures on the farm

In addition to beef and lamb, farm raises pastured broiler chickens and gather eggs from our pastured laying hens. Recently added herigate breed pics and an apiary to the farm

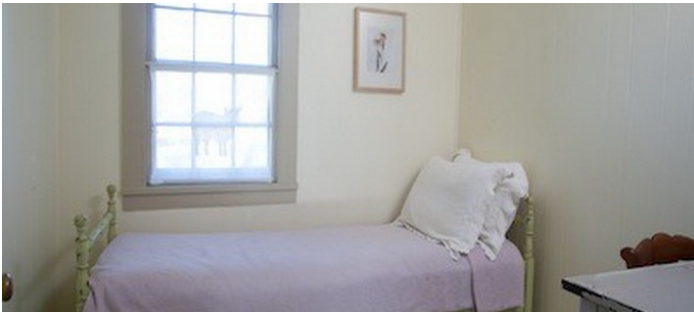

The animals live out on the pastures of the farm, grazing the forages growing in the fields. During the summer we harvest hay and feed it to the cattle and sheep in the winter.

This farm also has accommodations and even space. Kitchen is fully equipped! The barn accommodates up to four adults and two children in a semi private, loft-like space. There are two sleeping areas. Each area has a queen size bed and sitting area. One sitting area has a trundle bed suitable for two children. Canvas draperies can be drawn across each section for privacy.
