5 Bedroom, 3.5 bath built in 2008.

The private estate nestled on 3.37 acres of natural preserve with brick pillars and elegant entry slate stoop with brick walls and a copper roof. The house has 9 foot ceilings on the first floor and 10 foot tray ceilings on the second floor. Soaring entrance foyer with curved spiral staircase and handcrafted custom moldings and raised panel walls. Large rounded arched entranceways, recessed lighting, porcelain floors and wood floors with mahogany inlay. The kitchen has island with a cook top and a separate breakfast nook, butler's pantry with a wet bar. The living room features marble fireplace with custom moldings, dining room has an elaborate detailed coffered ceiling. French doors separate the living room and den. The master suite and other front bedroom have wrought iron balconies overlooking the front courtyard. The master suite has a stunning Master bath with his and hers vanities and a corner whirlpool tub. 3 Car Garage
