Notes

Film friendly

Amazing, mid-century house, renovated to its original 1955 condition, dark wood floors, floor to ceiling windows all around, great light, huge fireplace, built in bar, atrium garden in center of house, wallpaper, open white kitchen, great colors throughout, huge bathroom

Scouting recommended - some of furniture has changed. The 2 white sofas are no longer there, the chaise and chairs are still there, the living room looks different now, it has more furniture and different rugs, the bedroom is more finished now with a bed and chaise
