Complex of historic factory buildings built between 1883 and 1919

300,000 square feet of floor area throughout a complex of 8 interconnected brick buildings, ranging in height from 3-5 stories. The wood floors are typically 50'-60' wide and ceilings are 12' high, allowing for the creation of customized spaces, large or small studio/work spaces with plenty of light and ventilation and great views. Courtyard which currently houses an outdoor pavilion, a patio with seating and a sculpture garden featuring work from a wide range of artists
