## Notes

### Film Friendly

This lovely Jackson Heights house with a brick facade was built in 1927, and was fully updated. It has four floors, four bedrooms, and three bathrooms. It features wood flooring throughout, great natural light, tile work in the bathrooms and kitchen, a working fireplace, modern, basement, stairs, claw foot tub. There is a small back yard and a garage.

Please note there is new bedroom furniture.

Permits required.

### **Restrictions:**

All floors must be protected, booties must be worn over shoes

Areas of use determined in advance
