Notes

Film friendly

Very expensive

Federal style Historic home located in Brooklyn, New York. Built circa 1805, stunning and grand in every way. The oval dining room apparently has the same proportions as the Oval Office. A little like the White House right in Brooklyn. This is a private residence.

White exterior, crown molding, staircase, greenhouse, wallpaper, staircase, porch, parquet floors, chandeliers, fireplaces

Many restrictions do apply

Gated community, need special clearance to enter.
