Notes

Large House located in Brooklyn, renovated by an award-winning interior designer, this 3-floor home is the epitome of modern chic.

On the ground floor, there is a custom large white lacquer kitchen with beautiful calacatta floors, white marble accents, a large dinette area and views of a french style courtyard fully furnished with a dining and sitting area. Large living room features stunning modern fireplace accompanied by a sitting and bar area. Dining room is fully furnished and designed with authentic decor such as the chandelier and hanging paintings/artwork. Bright, natural light shines through the dining room from the floor to ceiling window.

There is an open foyer and state of the art staircase with original artwork by Warhol and Damien Hirst. On the 2nd floor, fall in love with the 3 bedrooms in this house: a cozy master bedroom that can be played as a hotel room, a parisian style children's bedroom (with or without a crib), and a sophisticated boy's bedroom. The space includes 3 bathrooms. There is also a basement floor perfect for setting up, hair, make up and storage for the shoot. The basement has 2 bathrooms and 2 bedrooms that can be used for hair/mu/wardrobe.

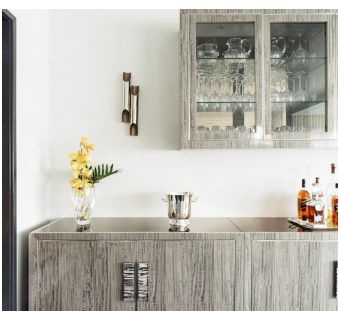

Has working fireplace and fire escape
