The bar lounge includes elegant gold stenciling on the walls, in homage to the original historic design, and fluted glass along the bar that mimics the venue's former windows.

In the grand ballroom, the original stage remains, while acoustics were enhanced to create an optimal event experience. New features include air conditioning, expanded restrooms, additional stairwells for smoother entry and exit, and the venue's first-ever elevator.

Dressing rooms available for hair/mu, wardrobe or talent holding.
