Notes

Mid-century modern home with floor-to-ceiling windows, terrazzo floors and period details.

The main living room has an exposed brick wood-burning fireplace, vaulted ceilings and sliding glass doors that open on the east and west side allowing ample lighting. Large light-filled dining room with picture window. Features original sunken tub bathroom with private courtyard area. Exterior patio areas include a bluestone patio at the front of the house and an exterior marble patio area. Large open backyard, mature fruit bearing trees.

Unique property on one level, easy crew access, and parking.

More photos to come in Spring 2022 after finished renovating kitchen and other decor updates.

Restrictions:

Advance permission required for painting or nailing into walls; walls must be returned to original condition after project completion.
