Notes

Cabaret club with a small stage and bar, adorned with red curtains and chandeliers - giving a very intimate and gothic vibe. There is a black and white mural on both walls near the front entrance, and a bright red neon sign above the stage. A mirror lines most of the left wall above a long wooden bench.

There is a sound booth and two small bathrooms along with a covered street-side cabana space in the front of the club and a basement used mostly for storage.
