## Notes

6,400 square foot house located in Montclair, on almost an acre of flat, landscaped property.

There is an oversized foyer which leads to beautifully furnished living and dining room with quirky accents. A large, open concept kitchen-family room with a wall of glass doors that open to a large deck and backyard, outfitted with a fire pit and a children's play set. On the first floor, there is also an oversized mudroom with skylights and attached garage.

Upstairs there are 3 children's rooms, a home office, an oversized master suite with glass enclosed shower and freestanding tub. The basement is finished with a children's play area on one side and media area and bar on the other.

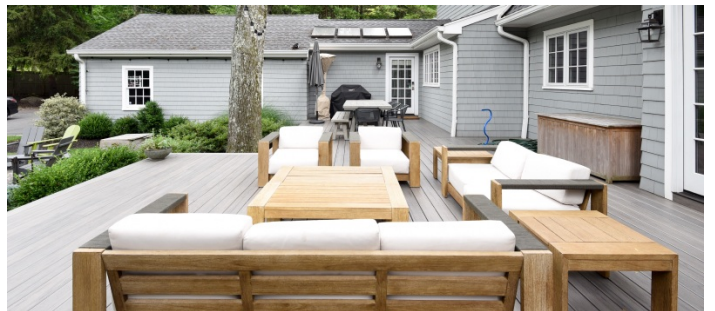

Garage can be used for production staging.
