Notes

This circa 1900 Victorian village home in the quaint Catskills hamlet of Halcottsville features period detail and old charm and is modest in size and aesthetic.

The first floor has a living room with modern black wood burning stove, a dining room, and a large 1960's era farm-style kitchen fully equipped for cooking. The second floor has four bedrooms - one with a queen bed, one with a full, one with two twins, and a fourth bedroom set up as a playroom with TV, books, and toys as well as a couch that folds out to a single bed. All of the rooms are simply furnished and most have at least one wall with old wall paper.

There is a one car garage with a pool table, a sweet back yard that backs up to forest, and a wrap around front porch.
