Notes

Intimate but versatile 2800 square foot meetings and events space in a former foundry. Features modern-day amenities in a unique setting that combines thoughtful design with architectural features honoring the building's industrial past.

With 14' ceilings, large skylights, whitewashed walls, exposed brickwork, and unique architectural features, the space is perfect for shoots, casting calls, and much more. The lounge area, with its open pantry, can be set up as a green room while shooting in the main hall or delivered empty to shoot simultaneously in both spaces.

The main hall's skylights can be easily blacked out if necessary. The first floor, double door entry makes for effortless loading of equipment in and out of the space.

Restrictions:

Electricity use is charged on per consumption basis at prevailing Con-Ed rates.

No nailing into walls. No painting of walls.
