## Notes

Rising over 1,100 feet in the air from the heart of Hudson Yards is the highest outdoor sky deck in the Western Hemisphere extending out almost 80 feet from the 100th floor.

The 7,500 square foot outdoor viewing area reveals a 360-degree vantage of New York City's iconic skyline, Western NJ and NY State. The sky deck includes a thrilling glass floor and nine-foot tall, boldly angled glass walls enabling visitors to lean out over Manhattan.

There is also a signature restaurant, bar and event space run by renowned hospitality group.

### **Restrictions:**

No moving artwork; no nailing into or painting of walls.
