Notes

Set on 1.4 private acres, this bright, open contemporary home nestled in the woods is sun-filled all year round with skylights, white oak floors and white interiors with pops of color and art. A bluestone path trimmed by boxwoods leads to a picturesque entryway and a large living room with double height ceilings, a wood burning white brick fireplace, and double sets of sliding glass doors that open to an expansive 3,200 sq. ft. deck.

All on one-level, with white-carpeted bedrooms (den/office is fourth bedroom). The master-bedroom suite is off its own wing with decking, private dressing room and enormous walk-in closet. Large, eat-in kitchen with oval tulip table and chairs, 3 bathrooms (1 bathtub), and separate laundry room.

The full open basement has a corner gym with a TV, weights and Peloton bike.

There's a heated 20 x 40 pool and private outdoor shower, manicured grounds, a large lawn with beautiful flower beds, and woods with mature trees, including a California redwood. There is a detached white painted two-car garage with skylight and barn doors and plenty of driveway parking.
