Notes

2,000 square foot log cabin home on the banks of the Delaware River, situated in a protected national park area, rich in wildlife and extremely tranquil. Built in 1973 this unique 3 bedroom, 2 bathroom cabin has sweeping uninterrupted views up and down the river.

The cabin has a large open-plan living room with a beautiful adobe southwestern style fireplace that compliments the log walls. The home is decorated with European vintage 1970's furniture, stereo, lighting and a selection of contemporary and 20th century original artwork.

Upstairs the main bedroom is very large and offers stunning river views. There is a handmade sauna with a panorama window that provides stunning views down-river in the basement.
